Dominate
chaos.

More peace of mind in the office -
the new Deskside Shredders

DAHLE[®]

A photograph of a cluttered office desk. The desk is covered with stacks of papers, a laptop, a desktop monitor, a telephone, and two coffee cups. Two office chairs are positioned at the desk. In the background, there are shelves with binders and a clock on the wall. The scene is dimly lit, suggesting a late afternoon or evening setting.

WHEN THE PHONE RINGS WITHOUT A BREAK,

the to-do list is endless again and the piles of paper for shredding pile up on your desk, then chaos once again takes over

MORE PEACE OF MIND IN THE OFFICE - THE NEW DESKSIDE SHREDDERS

No reason for despair, because you can rely on our new
Deskside document shredders! Available in three
different security levels, to put an end to paper chaos.

DAHLE DESKSIDE SHREDDERS

Performance mid-size shredders

With their waste collection volume of 40 l, Deskside shredders are the perfect choice for smaller teams as well as near-desk or workplace applications.

The low noise level allows concentrated work, even when the shredder is in use.

AVAILABLE IN THREE DIFFERENT SECURITY LEVELS

Deskside series cover security levels P-2, P-4 and P-5 with three devices according to ISO/IEC 21964 (formerly: DIN 66399).

DAHLE 204P, **DAHLE 404P** and **DAHLE 504P** adapt the name of the predecessor models and bear the suffix „P“ (standing for „Performance“) due to the considerable increase in performance.

EXTRA POWER

With significantly more powerful motors, the new Deskside units offer 90 to 180 % higher cutting performance than the predecessor models.

EXTRA RUNTIME

The higher motor capacity also results in significantly longer runtimes.

EXTRA WARRANTY

All three units come with our 35-year warranty on cutting cylinders

DAHLE DESKSIDE 204P

- Innovative MHP® cutting rollers (Matrix High-Performance): high-quality compound steel rollers for a guaranteed long service life
- Automatic paper reverse function clears excess paper
- Automatic safety shut-off when the waste container is full or the door is open
- Inspection window as optical waste level indicator
- Powerful motor ensures high performance and longer run times
- With automatic motor cut-out after 10 minutes without use
- Pull-out waste container
- Oil- and maintenance-free operation
- Integrated light barrier for automatic start and stop

Product name	DAHLE Deskside 204P
Article number	52204-16985
Security levels	P-2 / O-2 / T-2 / E-2
Type of shredding	strip-cut
Strip width (in mm)	4
Waste collection volume (in l)	40
Sheet capacity (80 g / qm)*	25 - 29 sheets
Noise level when idle (db(A))	60
CDs/DVDs	✓
Cards	✓
Dimensions H x W x D (in mm)	696 x 425 x 351

DAHLE DESKSIDE 404P

- Innovative MHP® cutting rollers (Matrix High-Performance): high-quality compound steel rollers for a guaranteed long service life
- Convenient reversing function for manual control
- Automatic safety shut-off when the waste container is full or the door is open
- Inspection window as optical waste level indicator
- Powerful motor ensures high performance and longer run times
- With automatic motor cut-out after 10 minutes without use
- Pull-out waste container
- Oil- and maintenance-free operation
- Integrated light barrier for automatic start and stop

Product name	DAHLE Deskside 404P
Article number	52214-16989
Security levels	P-4 / F-1 / O-3 / T-4 / E-3
Type of shredding	cross-cut
