

### **HSM StoreEx HDS 230**

# HSM StoreEx HDS 230 digital data media shredder

Secure, data protection compliant and economical. This digital data media shredder shreds digital data carriers into little particles and makes data recreation virtually impossible.

#### **Technical data**

Order number:	1777124	Cutting capacity HDD	1
EAN	4026631065689	2,5":	_
Cutting type:	particle cut	Cutting capacity CD/DVD:	6
Cutting size:	11,5 x 26 mm	Cutting capacity	4
Security level (DIN	E-2 H-5 O-2 T-3	magnetic tapes:	
66399):		Loading aperture Length	3
Voltage / Frequency:	400 V / 50 Hz	x Width x Height:	
Intake width:	165 mm	Noise level (idle operation):	Cá
Container volume / collecting:	45 l	Width x Depth x Height:	1
Cutting capacity HDD up to 3,5":	280 St/h	Weight:	1
		Shredder material:	C Fl

Cutting capacity HDD 2,5":	1150,0 ST/H
Cutting capacity CD/DVD:	6000 St/h
Cutting capacity magnetic tapes:	420 St/h
Loading aperture Length x Width x Height:	300 x 165 x 60 mm
Noise level (idle operation):	ca. 50 dB(A)
Width x Depth x Height:	1580 x 905 x 1420 mm
Weight:	1098 kg
Shredder material:	Credit card, CD/DVD, Floppy disk, Hard drives up to 3.5", Magnetic tapes up to 3.5"

#### **Product information**

The waste container can be easily removed and emptied.

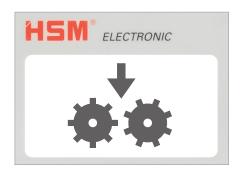

Thin optical, magnetic and electronic data media can be shredded comfortably and quickly using the input slot.

It may be necessary to stop the machine immediately so we have equipped the device with an emergency off switch which, when activated, will do just this.

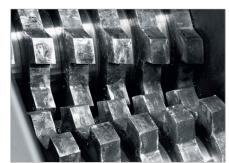

### Continuous energy-saving operation with low noise level

This powerful machine provides an excellent cutting performance combined with reliable continuous operation and a low noise level.

## Convenient operation via the membrane keypad with display

The selection of the correct functional mode will always ensure maximum throughput for the respective material type.

Solid steel cutting rollers

The induction-hardened, solid steel cutting rollers are robust and ensure a long operating life.

### LED display for continuous input of media

The large and clearly visible LED display enables the continuous input of media at a comfortable working height.

For decentralised destruction

Data media can be shredded easily in decentralised locations with this machine.

Material anti-jam function

The automatic reverse function rectifies material jams and ensures smooth shredding operations.
